REGULAR With Fresh Chicken

Complete dog food

A nourishing and digestible food for a balanced diet

It is a complete special meal, specially studied for the daily diet of adult dogs that carry out normal physical activity. It has a balanced protein and energetic content and is supplemented with an A-D-E multivitamin complex. It is made using top quality select meats and carbohydrate sources made readily assimilable by how they are cooked. Contains FOS (fructooligosaccharides), which help regulate the intestinal flora, and Yucca Schidigera, which reduces faecal odour. It guarantees the optimal ratio between the fatty acids Omega-3 and Omega-6 for ever younger skin. With Special Dog Regular your friend will always be in good shape.

COMPOSITION

Cereals, meats and by-products (chicken min. 5%), by-products of vegetable origin (beet pulp), oils and fats, vegetable protein extracts, fish and fish by-products, F.O.S. (fructooligosaccharides) 500 mg/kg, Yucca Schidigera 0,1%, minerals.
